CNC TOOL STORAGE

CNC Tool Storage is a safe, organized and efficient solution to store the varied sized of precision tools used in CNC Machines. The design of the tool holders provides a secured movement of tools on the Shop Floor. The usage of these trollies makes the work flow quicker by eliminating the ideal time and a fast accessibility to the tools during the changeovers.

Features:

- Ergonomic and modular design.
- Durable and rugged performance.
- Safe and secure grip of the tools.
- Optimum traction and manoeuvrability.
- Glossy finish with scratch and impact-resistant powder coating.
